Kindly explain the omission of the USCL Corporation in this signature by the means stated in Item 5c, below.

2. I did not electronically confirm receipt of your email in conformance with your established practice of receiving emails but not reciprocally confirming them.

3. The enclosed photograph shows six letters addressed to the USCL Corporation since 2014 that were returned unopened to my address in Hamburg, Germany. I have been informed by counsel that such refusal legally constitutes the receipt of the correspondence by the addressee.

4. Kindly acknowledge if each of the six letters pictured as enclosed was entered into the USCL Corporation correspondence ledger when receipt was refused.

5. Before I respond to any pending or future communications, kindly send me a binding declaration expressing:

a) the entire means by and the full address to which each of my communications is to be sent,

b) the entire means by which my communications will always be acknowledged by the USCL Corporation or by you personally, and

c) the entire means by which the response will always be sent to me by the USCL Corporation or by you personally.

6. Kindly acknowledge this present communication by the means given under Item 5 c). Failure on your part to acknowledge or to understand the content of any of my communications does not diminish their pertinence.

7. After I have received the declarations certified under Items 1, 4, and 5 above, I will be able to respond to your letter of December 14, 2017, by the means specified under Item 5 a).

Cordially,  
Jeffrey Michel
